Bachelor of Computer Science

ACHIEVEMENT

Top Team Contributor

Awarded 'Top Team Contributor' for excellent teamwork and problem-solving that significantly improved project results. Known for clear communication and effectively adapting to new challenges.

PROFILE

As a React Native Developer with 3 years of experience, I specialize in creating smooth and responsive app interfaces. I manage in-app transactions efficiently and use Jira for project management. My focus is on high-quality products and innovative solutions to enhance mobile apps

WORK EXPERIENCE

React Native Developer

Ropstam Solutions Inc.

April 2024 — Present

- Managed in-app purchases and subscriptions for both iOS and Android using Apple Developer and Google Play Console, significantly increasing users and revenue.
- Implemented deep linking in the app, making it easier for users to navigate and interact with features, greatly improving user engagement.
- Led the development of a live tracking app, using real-time data to keep track of user locations, which greatly enhanced the accuracy of content and services provided to users.

React Native Developer

Alpha Squad Technologies

Feb 2023 — April 2024

- Specialized in designing high-quality, smooth interfaces for iOS and Android devices, ensuring optimal performance.
- Deep understanding of mobile design principles and UI/UX best practices, enhancing user satisfaction.
- Refactored existing code to enhance its clarity and ease of maintenance, improving system efficiency.
- Expertise in using native build tools like XCode for iOS and Android Studio for Android, streamlining app development.
- Implemented multi-language support, making the app accessible to a worldwide audience.
- Experienced in using Jira for agile project management, effectively tracking tasks and facilitating team collaboration

React Native Developer

DoWell Research

Dec 2021 — Feb 2023

- Built a mobile app with easy-to-use design, which got high ratings in the App Store, showing it meets customer needs well.
- Made sure the app looks good and works well on different devices and platforms, making it easy for everyone to use.
- Collaborated with developers, designers, testers, and managers to complete our project effectively
- Took part in regular reviews to improve the app, making changes based on feedback to better meet what users want.
