

# ABDULBASIT

## MOBILE APP DEVELOPER

### CONTACT

- 03344909558
- tech.basit23@gmail.com
- <https://portfolio-mobile-app.vercel.app/>
- Lahore, Pakistan

### SKILLS

Java Script

TypeScript

React

React Native

Firebase

GitHub

Xcode and Android Studio

### EDUCATION

#### COMSATS

Jan 2020--- July 2023

#### Bachelor of Computer Science

Equipped with a foundational understanding of software development, data structures, and algorithm optimization. Passionate about leveraging technical skills to solve complex problems and innovate within the tech industry

### PROFILE

As a dedicated React Native Developer with over 3 years ,I specialized in creating responsive UIs and optimizing native integrations. Skilled in managing in-app transactions and proficient with Jira, I prioritize product quality and seamless user experiences. Committed to advancing mobile app development through innovative solutions

### WORK EXPERIENCE

#### React Native Developer

Ropstam Solutions Inc.

April 2024 --- Present

- Configured and managed in-app subscriptions and purchases using Apple Developer and Google Play Console for both iOS and Android users.
- Developed deep linking to make app navigation easier and improve how users interact with different features.
- Led the creation of a live tracking app, using real-time data to track user locations and provide up-to-date content and services.

#### React Native Developer

Alpha Squad Technologies

Feb 2023 --- April 2024

- Expertise in building pixel-perfect, buttery smooth UIs tailored for both iOS and Android platforms.
- Comprehensive understanding of design principles and UI/UX best practices for mobile devices.
- Refactored existing code to improve readability and maintainability
- In-depth knowledge of native build tools including XCode for iOS and Android Studio for Android.
- Proficiency in implementing multi-language translations, catering to a global user base.
- Proficient in using Jira software for agile project management, task tracking, and team collaboration.

#### React Native Developer

DoWell Research

Dec 2021--- Feb 2023

- Developed a mobile application with a user-friendly and intuitive UI/UX that achieved a X-star rating in the App Store
- Ensure responsive and consistent UI across different devices and platforms.
- Collaborate within a dynamic team comprising React Native developers, UI/UX designers, QA experts, and managers.
- Actively participate in iterative feedback cycles to refine application

---

## ACHIEVEMENT

### Best Team Player

Recognized as 'Best Team Player' for exceptional collaboration and contribution to project success, demonstrating outstanding communication, problem-solving, and adaptability in a dynamic team environment

## RECENT PROJECTS
